Fender Squire Bass Guitar

As one of Fender's® most illustrious achievements, the Precision Bass® guitar allowed bassists to be heard more clearly than ever before. For the first time, traditional upright bass players could finger notes easily and precisely, thanks to the P Bass® guitarists' maple neck and fretted fingerboard.

Easy to play, the Fender Squire Precision Bass is responsive and flexible, delivering tone by the truckload. The slim, comfortable neck is matched to a solid agathis body, which is fitted with a traditional split single-coil P Bass pickup and a J Bass® pickup in the bridge position for tonal versatility.

The List price on this Guitar is \$449.99. This one is in top condition and we are selling it for \$350.00. Don't miss out on your chance to own this Beautiful Bass Guitar. **Comes with a stand and a case.**
